

**Installs in 3 Easy Steps**

**Step 1:** Remove the old showerhead by turning it counter-clockwise. Wipe off any debris from the threaded pipe. Wrap the supplied teflon tape clockwise around the threaded pipe.  
**Step 2:** Install the swivel bracket by turning it clockwise, then tighten by hand. If additional tightening is required, place protective cloth on the swivel nut and tighten with a wrench.  
**Step 3:** Attach the hose to the bracket, and then to the handle. Now you are ready to enjoy your Pollenex™ Hand-Held Showerhead.

**Instalación en 3 Sencillos Pasos**

**Paso 1:** Retire el antiguo cabezal de ducha, girándolo en sentido antihorario. Limpie las roscas del brazo de la ducha suavemente. Enrolle la cinta de Teflón en sentido horario alrededor de las roscas del brazo de ducha.  
**Paso 2:** Instale el soporte articulado sobre el brazo de la ducha, girándolo en sentido horario y apretándolo con fuerza a mano. Si fuera necesario apretarlo más, proteja la tuerca usando un paño y aprieta con una llave de tuerca.  
**Paso 3:** Conecte la manguera al soporte, luego al paño de la ducha. Ahora puede disfrutar de su nueva ducha de mano Pollenex™.

**5 Spray Settings/Funciones:**

- Full Body**  
Wide cone spray for maximum coverage.  
**Chorro Integral**  
Ancho cono de agua que baña el cuerpo entero
